IMPORTANT INFORMATION - CHANGE IN THE DEADLINE

FOR TRANSITION TO ISO 15189:2022 STANDARD

Dear Partners,

EN ISO 15189:2022 is now referenced in the Official Journal of the European Union. That means EN ISO 15189:2022 Medical laboratories — Requirements for quality and competence is now a harmonized standard. The transition to the new requirements must occur by August 2025 (initially in December 2025). So, this transfers the deadline for transition to ISO 15189:2022 4 months earlier, on 31.7.2025. ESYD highlights to the medical labs that after 1.4.2024 all the assessments of medical labs will also include the assessment for the transition to the new requirements.

On behalf of the Laboratories Accreditation Division

Athens, 4.4.2024
