`

Hellenic Accreditation System

Annex to the G1/1 Certificate No. **1425**

SCOPE of ACCREDITATION

of the

Diagnostic Laboratory

of

«MEDICOVER GENETICS S.A.»

Materials / Products tested	**Types of test / Properties measured**	**Applied methods / Techniques used**
Molecular Genetics		
Amniotic Fluid Chorionic Villi	Prenatal testing with array comparative genomic hybridization using the Agilent platform SurePrint G3 ISCA v2 CGH 8x60K (Prenatal Molecular Karyotype**)**	Agilent CytoGenomics software and Agilent Technologies DNA Microarray Scaner (S/N: G2565CA) CMA-aCGH, protocol 1 01/11/2022: Agilent Microarray CGH 8x60K
Peripheral Blood Buccal swab	Postnatal testing with array comparative genomic hybridization using the Agilent platform SurePrint G3 ISCA v2 CGH 8x60K (Postnatal Molecular Karyotype)	**Agilent CytoGenomics software and Agilent** Technologies DNA Microarray Scaner (S/N: G2565CA) CMA-aCGH, protocol 1 01/11/2022: Agilent Microarray CGH 8x60K

Primary sample collection site: **Vas. Sofias 120, Athens 11526**
Site of assessment: **Permanent premises, Vas. Sofias 120, Athens 11526**
Approved signatories: **Voula Velissariou, Vasiliki Chini, Sofia Karapanou**

The Accreditation Certificate No.1425, to ELOT EN ISO/IEC 15189:2022, is valid until 22.09.2029.

Athens, 09.09.2024

Christos Nestoras
CEO of ESYD
